MultiWay Xtra™ Feature

With the MultiWay Xtra™ feature, there are 1024 ways to win on every spin. MultiWay Xtra™ symbol awards pay for matching symbols in any position in adjacent columns, starting from the leftmost column. More than one matching symbol in the same column multiplies the award. The Wild symbol substitutes for all symbols except for the Bonus symbol.

Example of a MultiWay Xtra™ payout:

The following diagram shows a sample reel outcome, using the Falcon symbol. Because there is at least one Falcon or Wild symbol in each of the first four columns, the player wins the 4 Falcon symbol award, which pays 40 coins per way.

Payout example:

Column 1	Column 2	Column 3	Column 4	Column 5
	Falcon			
Falcon		Falcon	Falcon	
	Wild			
		Wild		

1 Falcon 2 Falcons 2 Falcons 1 Falcon

To determine the payout for this combination:

1. Count the number of Falcon and Wild symbols in each column.
2. Calculate the total number of winning ways ($1 \times 2 \times 2 \times 1 = 4$).
3. Calculate the award amount in currency by multiplying the award (40 coins) by the coin value. For example if the coin value is £0.02 then the award is £0.80 ($40 \times £0.02$).
4. The total pay is the award value times the total number of winning ways ($£0.80 \times 4 = £3.20$).

The win message will be: MULTIWAY XTRA™ WIN PAYS: £0.80 X 4.

Free Spins Bonus

Two or more Bonus symbols in the middle column trigger the Free Spins Bonus. The more Bonus symbols that appear at the same time, the more free spins are awarded. See the payable for details.

During the Free Spins Bonus, two or more Bonus symbols in the middle column retrigger the Bonus. The Free Spins Bonus continues until 0 spins remain, or until 130 free spins have been played, or until the maximum award cap is reached.

The bet in the Free Spins Bonus, including 1024 Ways activation, is the same as on the reel spin that triggered the Bonus.

The Free Spins Bonus has richer reels than the main game.

Rules

Misuse or malfunction voids all pays and plays.

All line pay symbols must appear on a played line and on consecutive columns, beginning with the far left column.

Only highest winner paid on each payline. Line wins are multiplied by the coin value on the winning line.

MultiWay Xtra™ symbol awards pay for the same symbol in any position in adjacent columns, beginning with the far left column.

Only the highest paying MultiWay Xtra™ symbol award for each symbol is paid per spin. Same winning symbol in same column multiplies award. MultiWay Xtra™ symbol awards are multiplied by the coin value.

Coinciding wins on different paylines are added. MultiWay™ wins (only available when 1024 Ways activated) are independent from payline awards and are also added to the total amount paid.

Awards are shown in currency.

Wild symbol appears in columns 2, 3, 4, and 5 only.

Bonus symbol appears in column 3 only.

Regardless of the bet size, there is an award cap on any single transaction. See the payable for details. A transaction includes the results of the Free Spins Bonus plus the outcome which launched the bonus. If the award cap is reached in the Bonus, the Bonus ends immediately irrespective of any remaining free spins.
